

## Background

This policy sets direction for staff that is not explicitly stated in the *Regulated Health Professions Act, 1991* (RHPA), and the *Health Professions Procedural Code* (the “Code”), being Schedule 2 of the RHPA.

There may be instances when information comes to the attention of the CRTO which provides the Registrar with reasonable and probable grounds that a member may be incompetent, incapacitated or has committed act(s) of professional misconduct. In cases where the Registrar is also of the opinion that the conduct of the member may be criminal in nature, this policy helps to guide the process for disclosing information to the police.

The Reporting to Police Policy was last reviewed on September 25, 2015. Due to the new policy framework, this policy was updated in the new template. This document has gone through a rigorous policy review process, including external legal review, to ensure that all legislative and regulatory requirements have been met.
