

Background

The Graduate Certificate of Registration Policy was last approved by Council on September 26, 2014. Due to the new policy framework, this document was updated to the new template. This document has gone through a rigorous policy review process to ensure that all legislative and regulatory requirements have been met.

This policy describes the terms, conditions and limitations imposed on a Graduate Certificate of Registration, and that the Registration Committee will not re-issue a Graduate Certificate that has been revoked under section 60 (2) of the Registration Regulation. The terms, conditions and limitations highlighted within the policy allow a member registered with a Graduate Certificate of Registration to begin work immediately, demonstrate, and consolidate their knowledge, skills, and judgement in preparing for the Canadian Board for Respiratory Care examination while at the same time ensuring that they practise with transparency and safeguards.

Although the policy has been revised, it is important to note that no changes were made to the intent or the direction of the original policy. The policy has been updated to ensure its relevance to existing registration practices, legislation, and readability, and to incorporate gender-neutral language.

Consultation Feedback Details

The document was posted according to the CRTO's public consultation process. A consultation survey was posted on the CRTO's website, tweeted on the CRTO Twitter account, posted on the Health Profession Regulators of Ontario (HPRO) website, and shared with members in the March bulletin. In total, 47 people viewed the consultation survey, and one response was received from a Respiratory Therapist.

All respondents found the policy clear, understandable, and free from omissions and errors. No comments were received, and no changes were made to the policy as a result of this feedback.

Date consultation opened for feedback: March 15, 2022

Length of time posted for consultation: 30-days

Date consultation closed: April 15, 2022
